## History Mystery : Akbar and the Tricky Traitor

→ By Natasha Sharma

Recommended for Classes - (3 -5)

"The mighty Mughal emperor Akbar is angry. Someone is leaking secrets of his court to his enemies. What's worse, his enemies are now laughing at Akbar. Who can help the emperor solve this mystery?"

## History Mystery : Razia and the Pesky Presents

→ By Natasha Sharma

Recommended for Classes 3-5

" Razia Sultan, the dynamic ruler of Delhi, is enraged. Someone is sending her pesky presents-girly dresses and sappy poems on Sultans. What's worse, they come with notes challenging her right to rule, as a woman. Who can help the sultan solve this mystery?"

## The Right Kind of Dog

→ By Adil Jussawalla

Recommended for 6-8

"These are beautiful, subtle poems-sometimes funny, sometimes sad, but always thought-provoking. They talk about the things that young people struggle with: rejection, learning to find their feet, trying to fit in and being forced to conform. Written in Adil Jussawalla's terse and sharp style, with stunning and suggestive illustrations by Ahlawat Gunjan, this is a book for those who value beauty in words and visuals.

## Kohinoor : The Story of the World's Most Infamous Diamond

→ By William Dalrymple & Anita Anand

Recommended for General Reading

"Kohinoor is not only a tale of greed, conquest, murder, torture, colonialism and appropriation, through centuries of South and Central Asian history, but also a history of changing fashions in Jewellery and the role, alchemy and astrology of precious stones. Revealing previously unknown moments in the diamond's history, the story sweeps from the century the Kohinoor spent embedded in the Mughal's fabulous Peacock Throne to the years it languished unrecognized on a mullah's desk, used as a paperweight, through to the torture chamber where a Persian prince was crowned in molten lead in an attempt to extract the truth about the gem's hiding place. Once Worn on ranjit Singh's turban, Duleep Singh's armband and Queen Victoria's

crown, it is now locked in the Tower of London, where it continues to arouse passions, as India, Pakistan, Afghanistan and the Taliban all demand its return.

## Good To Great: Why some companies make the Leap and others don't

→ By Jim Collins

Recommended for General Reading

" Good to Great answers a Compelling question: " Can a good company become a great company and ,if so how?

After a five year research project, Collins concludes that good to great can and does happen. In this book, he uncovers the underlying variables that enable any type of organization to make the leap from good to great while other organizations remain only good. Rigorously supported by evidence , his findings are surprising- at times even shocking- to the modern world. This book achieves a rare distinction: a management book full of vital ideas that reads as well as a fast paced novel.

## The Story of Philosophy

→ By Will Durant

Recommended for General Reading

"The Story of Philosophy chronicles the ideas of the great thinkers, the economic and intellectual environments which influenced them, and the personal traits and adventures out of which each philosophy grew."

## The Smartest Kids in the World and how they got that Way"

→ By Amanda Ripley

Recommended for General Reading

"It's a twenty first century mystery: America's most privileged teenagers have high tech schools and well educated parents .Yet they perform below affluent kids in twenty seven other countries in math. To find out why, author and Time magazine contributor Amanda Ripley follows three American teenagers , each embedded for one year in Finland , South Korea and Poland countries that have gotten radically smarter in recent memory .She meets battle scarred reformers, sleep deprived zombie students and a teachers who earns \$4 Million a year. Their stories bring us hope and clarity-revealing how other countries revolutionized their classrooms, deputized their parents, and taught their children to think for themselves.
